Her Shiftology Accountability Matrix™ and Shiftology Process™ are designed to enhance leaders' intuitive conscious awareness, communication, focus, and accountability. By using these techniques, Terry's clients can improve their confidence, competence, and credibility, helping them transition from a state of stress, burnout, and overwhelm to one of calm, ease, and flow, which positively impacts their health, relationships, and wealth

Terry has authored two solo books and contributed to seven co-authored books. Her proven methods have helped countless clients achieve success and freedom in all areas of their lives.

If you're looking for a dynamic speaker or leadership coach who can help you cut through complexity and achieve your goals, look no further than Terry and Intuitive Leadership®.

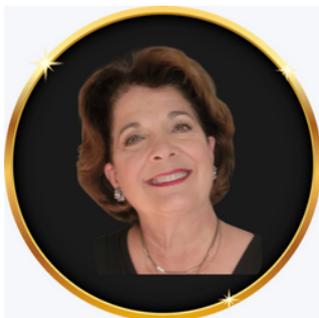

## Why Choose Me?

I had the honor of presenting career transition topics to over 11,000 transitioning military personnel over a 20 year period.

- **Clients include:** All branches of the military, chambers of commerce, universities, financial institutions, healthcare institutions, railroad companies, nonprofits and small businesses.
- **Media:** I am a frequent guest on tele-summits, podcasts, webinars and stages
- **My Promise:** Having created, hosted and participated in hundreds of events in over 30+ years of business, I understand the challenges in hosting an event. I promise to assist you to make it a memorable one.
- **Video:** Increase registration to your event with a pre-launch video. We can discuss creating a personalized video that speaks directly to your audience on the topic you choose to market your event. Imbed the video into your marketing materials, social media and websites. In addition, I will write an article & blog post specifically for your event.
- **Connection:** Audience connection begins the moment they arrive at the venue. Before the event, I will mingle & interact with your audience. If appropriate, the insights gained from the mingling can be integrated into the talk to personalize the experience. After the event, I will continue to interact with your audience, sign books, pose for pictures, and engage with VIP's.

# Testimonials

---

"Break Out of Your Shell is a definite must! Terry is an expert at clearing out the clutter and helping you focus on the issues at hand.

She is so deft at this that in a "room" full of people, she touched each person in a manner that made them feel like they were having an individual session with her.

Let the stress and emotions that are controlling your direction be fine tuned with Terry's help!"

"One of the most inspiring women I've ever met in my life! After 30 minutes, I left our meeting feeling like I could start and own a successful business venture...

Here we are 2 months later, on the path to a bright future! Thank you doesn't seem like enough Terry"

**Josh Mathis**

---

"Exceptional presentation. Terry was engaging, responsive to questions, and brought amazing energy and insight to the topic of stress reduction. I enjoyed the program and have already recommended it to others."

**Mardi Winder-Adams**

---

"I was blown away by how Terry quickly showed us how much of an opportunity we all have to grow within ourselves, even while facing big challenges at work or in our personal lives. It's clear she has done years of research and has many ways to make a positive effect on many lives!"

## Room Set Up Checklist

Please share this page with the AV/Room Set-up Coordinator

Terry uses Powerpoint/Keynote software for her slides, flip charts and various types of visuals to emphasize the main points. The suggested set up below creates the best experience for your audience. If the presentation is outside of the U.S. let's have a conversation to discuss the requirements and changes to the list below. Please provide on-site audio/visual support to troubleshoot before and during the presentation. Thank you!

### Visuals Set Up:

1. LCD Projector (minimum 2000 lumens) or large TV/monitor with HDMI cord
2. Screen (8' or larger, the larger the audience, the larger the screen) placed on a riser in the right corner of the room from the audience's perspective (*AVOID putting the screen in the front center stage.*)
3. Any lights directly over the screen must be darkened during the presentation. If necessary please loosen the light bulbs or remove them.
4. A copy of the presentation will be emailed to the organizer. It will also be on Terry's laptop and a thumb drive for use in your in-house computer projection system.
5. If sound or video are integrated in your customized program, WIFI access may be needed.
6. The presentation laptop (usually Terry's laptop) must be visible from the stage.
7. Terry will bring her own clicker to move slides. If your system requires it's own clicker please notify us.

### Room Set Up

1. For audiences over 50 participants - please provide a riser so everyone can easily see Terry and the presentation.
2. Please place two small skirted cocktail rounds or a 6' table on stage for the laptop, materials, props and water. Remove all else from the stage (head table, podium, etc).
3. If the podium is needed for announcements and cannot be removed before program, please place it in the back corner to give access to the entire stage.
4. Please provide two tall chairs. (Bar stools, captain chairs or tall cocktail chairs). Place in a corner of the stage.
5. Extension cords (Provide as many as needed for the space)
6. Please provide bottled water and a straw.
7. Set audience chairs to face the longest wall (i.e. set the room wide, not narrow).
8. Seat the audience as close to the stage as possible with each chair facing Terry. If possible, have no more than 10% open chairs.
9. Please have the room fully lit especially the stage. (Turn off lights above screen)
10. Please provide a 6' skirted table in the back of the room, with a stool, to place materials and to meet and greet audience members after the event.

### Microphone:

1. Please provide a wireless lavalier microphone with windscreen and extra batteries.

## Set Up Time:

Terry will arrive at least 90 minutes before the presentation to set up equipment and the front and back of room table.

If there are multiple presenters for the event, and there is less than 30 minutes to change from one presenter to Terry, we suggest supplying a waist high AV cart so Terry can set up her equipment and wheel the cart to the front of the room. Plug in can be done in 15 minutes with strategic planning.

## Handouts:

A master set of handouts will be provided for the meeting planner to duplicate. If possible please have volunteers available to pass them out, and to collect evaluations and distribute the bonus handouts at the end of Terry's presentation.

## Room Set Up Diagrams

If possible please set up without a center aisle.  
(please contact our office with any questions)
